

Minutes of the June 6, 2007 Business Meeting

The meeting was called to order by president Shaun German at 7:40 PM.

There were 21 members and one guest present.

- The minutes of the May meeting were not available
- Dave McDonald gave the treasurer's report. (Details available from treasurer)
- Shaun announced the RCCD is having an electric fly on June 17th and a campout and fly-in on June 24th.
- Rich Schwarzinger noted that our old frequency list is out of date. The current one is listed on the roster on the website. Not all members submitted their frequencies when they renewed their membership so it is incomplete. A current roster was passed around and some missing entries were made, but it is probably impossible to get the information from those members who don't fly a lot. There is enough information on the current list to get a good idea of how many are using each frequency.
- Dave McDonald moved and Smitty seconded that " The field committee mow the runway only on Mondays in addition to their complete mowing on Thursdays until the time when the grass stops growing so fast. "Discussion" revealed the runway is defined as the area between the flight stations and the north side of the mowed area and the east and west ends of the mowed area-. Keith mentioned that the gas would be too costly but Dave reassured him the treasury can handle it. It was brought up that if this work overburdens the field crew that this would be handled by discussing it at the next meeting as the membership at a meeting is the highest authority in the club (Article 9, Sec1). The motion passed 18 for, 0 opposed.
- Greg Smtihson won 50/50 raffle.
- The meeting was adjourned at 8:10 PM

Respectfully Submitted,
Dave McDonald
